

Cyber TSCM™ Survey Quotation Worksheet

We would appreciate it if you could please complete the worksheet to enable us to provide you with an accurate cost estimate for a high level cyber technical surveillance countermeasures survey.

In order to provide an accurate quotation we require information about your offices, boardrooms and other areas, their sizes, the type of telephones and other communication systems utilised in these areas. Each assignment is unique and the requirements vary from client to client.

Larger areas take longer to survey as we sweep all six sides of an area, the four walls as well as the ceiling and floor areas. A boardroom with conferencing communications equipment, telephones, speaker phones, Wi-Fi, etc., takes longer to survey than a boardroom with just the minimum or no equipment.

About Your Organisation

Your Name _____

Company Name _____

Postal Address _____

Tel Number _____

E-mail _____

Company VAT Nr _____

The Survey Area

Survey Address _____

Number of Offices _____ Boardrooms _____ Meeting Rooms _____

Other areas _____ (PA areas, War room, server room, etc.)
